

# DISASSEMBLING AND CLEANING

## STEP 5

Place the juicing bowl under running water.

**TIP:**

- The round brush can clean the juice spout of the juicing bowl.

## STEP 6

Under running water, clean the outside of the auger with a dish scrub. Use the tip of the cleaning brush to push out any residue in the crevices on the bottom of the auger.

**TIP:**

- Thoroughly clean the auger ensuring that the auger is clean without any residue.
- Completely dry before using.

**NOTE:**

- After juicing ingredients with seeds, make sure to thoroughly clean the bottom crevice of the auger. (If this area isn't properly cleaned, it can damage the auger.)

## STEP 7

Clean the base with a soft damp towel and dry.

**NOTE:**

- If the towel is dripping wet, make sure to squeeze out the excess liquid before using it on the juicer.

**QUICK RINSING:**

1. With the juice tap closed, fill the juicing bowl with water and turn on the juicer.
2. Let it run for a moment. Open the juice tap and let the water run out of the juicing bowl.

- TIP:**
- It is not necessary to completely clean the juicer in between making multiple juices during a single juicing session.
  - When finished juicing, disassemble and clean thoroughly between sessions to prevent residue buildup.

## CLEANING THE SILICONE PARTS

**TIP:** • Clean the rotation wiper under running water. Thoroughly dry after cleaning. Before assembling the top-set, ensure that the compression silicone and silicone ring are firmly inserted.

**NOTE:** • If the compression silicone and silicone ring are not firmly inserted, juice may leak from the bottom of the juicing bowl.

### Silicone Brush

Pull out the silicone brush from the rotation wiper to clean. After cleaning, insert into the slot with the tail pointing down as shown in the illustration.

### Silicone Ring

Remove the silicone ring from juice screen to clean. After cleaning, push in the silicone ring as shown in the picture. Carefully place the silicone ring by aligning grooves and wedges.

### Juice Tap

Remove from the juice spout to clean. After cleaning, attach the Juice Tap to the Juice Tap silicone on the juice spout.

## USING THE CLEANING TOOL

**TIP:** • The cleaning tool makes clean-up quick and easy. Dry completely after cleaning.

### STEP 1

Hold the cleaning tool with one hand and insert the juice screen into the cleaning tool.

**NOTE:** • Insert the juice screen until you hear a click.

### STEP 2

Under running water, rotate the cleaning tool and the juice screen in opposite directions to clean.

### STEP 3

Thoroughly rinse the inside and outside of the juice screen under running water.

### STEP 4

After cleaning, remove the juice screen from the cleaning tool. Dry before storing.

# USING THE BLANK CONE

**!** Before use, make sure the silicone cover is placed correctly.

## STEP 1

To assemble the top set, place the auger and the blank cone in the juicing bowl and close the lid.

1. Insert the blank cone into the juicing bowl while aligning the red dots ● of the blank cone and the juicing bowl.
2. Insert the auger into the blank cone with a twisting motion.
3. Place the lid onto the juicing bowl by aligning the red dots ● of the lid and the juicing bowl. Then, rotate the lid clockwise until the lid is secured.

(When using the blank cone always leave the Juice Tap open.)

## STEP 2

Place the assembled top set onto the base.

## **!** CAUTION:

The blank cone is used only with frozen ingredients. Depending on the different ingredients, allow the frozen items to thaw for 5 to 20 minutes before use. Slowly process a smaller amount per batch.

Do not use ice or process ingredients containing vegetable or animal oil. It may cause a malfunction.  
Remove hard seeds from the ingredients and peel the skins from the ingredients before juicing.

# USING THE SMOOTHIE STRAINER

## SMOOTHIE STRAINER SOLD SEPARATELY

### STEP 1

To assemble the top set, place the auger and the smoothie strainer in the juicing bowl and close the lid.

1. Insert the rotation wiper and the smoothie strainer into the juicing bowl while aligning the red dots ● of the smoothie strainer and the juicing bowl.
2. Insert the auger into the smoothie strainer with a twisting motion.
3. Place the lid onto the juicing bowl by aligning the red dots ● of the lid and the juicing bowl. Then, rotate the lid clockwise until the lid is secured.

(When using the smoothie strainer, make sure the Juice Tap is closed.)

### STEP 2

Place the assembled top set onto the base.

Align the arrow ▼ from the lid with the ▲ OPEN sign from the base and rotate the topset clockwise until the arrow ▼ from the lid is in ▲ CLOSE position.

### ⚠ CAUTION:

When using frozen ingredients, make sure to thaw your frozen ingredients for about 5 to 20 minutes before use. (The required period to thaw the ingredients will depend on the time and temperature the ingredients were kept in freezer.)

When making smoothie, add milk or other types of liquid between ingredients. Check the consistency by looking through the juicing bowl, add more liquid as needed.

Please do not insert ingredients like ice, meat, oil or fat based ingredients. These may damage the parts.

Please remove hard or thick seeds, pits, or peel before use.
